

DOUBLES ONE MORE TIME!!!!

This is the fourth year the Men's League had a Doubles League. The first year went okay. The second was a bit of a disappointment as we not only did not get more teams, but lost a few. Last year did show some improvement. This year we are hoping to improve the Doubles part of the Men's League. The season for Doubles will be the same as the singles

Hopefully we will have more teams and that may help to balance out the skill levels within the divisions. Balancing skills levels is very difficult and hopefully we can get better at it as we progress each year. Please help to promote doubles as much as possible.

Please register below if you are interested in doubles and use our normal membership form for singles if you intend to play both. It is best if you can find your own partner. As players register, a list will be produced of players that are in need of partners and then they can see if they can obtain a partner.

This year there will be an award for the Doubles Division. There will be a point system, so that every team will have a chance to win, as playing matches, win or lose, will have high point value. More on this later

Name _____

Address _____

City _____ Zip _____

Primary Phone _____ Alternate Phone _____

Doubles Partner _____

Please provide me with the names of players looking for partners check box

Fee is \$30 per team or \$15 per player.

E-mail address _____
